UNFOLD STORIES

Where everyday
becomes an adventure

Welcome to #UnfoldStories

by KlipKlap has created a magical universe where furniture becomes the canvas for imagination. Here, each piece tells a story that grows and unfolds alongside your child's dreams.

When a Play Fold transforms into a sturdy raft, a 3 Fold becomes a rockstar's stage, and a Kids Chair turns into a warrior princess's throne – your home transforms into a world of endless wonder where precious memories take root.

This is a world where children's imaginations roam free, while parents delight in timeless design and quality that truly lasts.

THE FIRST ADVENTURE

KK PLAY FOLD SQUARE - MUSTARD W. MUSTARD

A gentle start to grand adventures, where early movement meets boundless imagination

A Soft Space for First Discoveries

The KK Play Fold is more than a play basin – it's a cozy, sensory-rich space for tummy time, rolling, and bonding moments that support early development.

Built to Grow With Curiosity

At 65 cm high, it encourages babies to stretch, reach, and explore. The soft yet sturdy foam helps build strength and confidence while evolving into climbing hills or quiet hideouts, as your child grows.

Designed for Play That Evolves

Magnetic features and a playful design let it transform easily across rooms and play styles. The KK Play Fold adapts to every stage – a first playmat that grows with your child's imagination.

Photographer: @marisagulehus

HOW-TO: CREATE A COZY BABY CORNER

Use a KK Play Fold Square or KK Play Fold Circle, a soft blanket, and your baby's favorite toy.

Fold your Play Fold into an L-shape, Half-moon, or soft enclosure. Add a blanket and a few favorite toys to create a calm, supportive space for tummy time and bonding.

As your baby grows, unfold into a cave or a ninja hideout to inspire movement and early exploration.

PLAY FOLD MORE THAN JUST FURNITURE

Why settle for a sofa when you can have a sofa, a reading nook, a ninja hideout, a cave, a lounge, and a play basin — all in one?

01

The Sofa

A Soft Space to Land. Perfect for shared moments and quiet breaks, the Play Fold becomes a cozy family sofa where parents rest, babies bond, and stories begin.

02

The Cave

A Hidden World to Discover. Folded inward, the Play Fold transforms into a secret cave, a calm, dimly lit den where tiny explorers feel safe, grounded, and curious.

03

The Reading Nook

A Corner of Calm. Propped into a soft upright curl, the Play Fold turns into a snug reading nook, a quiet place for bonding over books and early storytime adventures.

04

The Play Basin

A Pool of Possibilities. Laid open like a nest, it becomes a gentle play basin - inviting babies to reach, roll, and discover toys scattered like treasures waiting beneath the waves.

05

The Lounge

Stretch and Dream. As a low, reclining space, it offers room for full-body rest and movement. A place to lie, stretch, kick, and daydream.

06

The Ninja Hideout

Secret Missions Await. With just a few folds and a spark of imagination, it becomes a stealthy ninja hideout, a world of whispers, crawling missions, and shadowy escapes.

01

KK Half Circle

A soft curve for balance and big ideas.

This playful shape is a seat, rocker, balance board, or hill.

Flip it, stack it, or rest your head, kids and parents find new uses every time.

Two together make a circle, a magical place where stories begin.

02

KK Circle

Round, rolling, ready for anything.

More than a pouf, it becomes a walking buddy, spaceship, drum, or landing pad.

Toddlers love pushing, climbing, and turning it into anything their imagination can create.

03

KK Rainbow Body

A colorful arc of adventure.

Bold and full of possibilities, this quarter-ring invites movement and fun.

Rock like a boat, crawl like a tunnel, or imagine a mountain pass the KK Rainbow Body is a landmark in every toddler's journey.

CREATIVE WORLDS

Nature, Balance and Play

by KlipKlap's cork collection brings nature's quiet magic indoors, creating calming spaces for adventure and learning.

Whether they're tiptoeing across stepping stones, solving picture puzzles, or stacking mountains in the sky, every shape becomes a tool for play that grows with them.

HOW TO PLAY WITH THE BLOCKS

01

Puzzle game

Concentration &
Problem-Solving.

A tiny explorer finds
a scattered puzzle.

Shape by shape, a
hidden dog appears!

Build focus, joy,
and stories, one
piece at a time.

02

Match the Magic Number

Connecting Numbers
with Meaning

"Show me three fingers!"

Now find the block with
matching stars or signs.

Numbers turn into a
playful spell of discovery.

03

The Triangle Treasure Hunt

Language &
Pointing Skills

Turn the blocks
into mountains.

"Can you find five
snowy peaks?"

A simple counting game
becomes a magical quest.

With nature's most playful touch, where cork becomes the path, the puzzle, and the portal.

Cork Stepping Stones

Create a trail through jungle or mist. Light, stackable, and soft - each step sparks movement and imagination.

Cork Building Blocks

Chunky shapes for endless play. Stack, match, or imagine treasure maps — no rules, just dreams.

Cork Stacking Tower

A balance game in motion. Build high — or rebuild after a dragon's crash!

Cork Playmat

The soft ground for all adventures — from reading nook to royal floor.

HOW-TO: CROSS THE KINGDOM

Use Cork Stepping Stones, the matching pattern dice, a crown (optional!), and a story waiting to unfold.

Lay the stones across a bubbling lava river or a forest floor. Roll the dice — is it stripes, stars, or triangles? Step only to the matching stone or face the crocodiles below!

Every roll changes the path. Every leap adds to the story. Will the brave explorer make it to the other side?

MOTOR SKILL TRAINING

From crawling on the Playmat to jumping between Stepping Stones, cork play supports motor skills, coordination, and body awareness — naturally and playfully.

SAFE PLAY

Soft, stable, and slip-resistant where it counts. Each cork piece is built for safe movement, stacking, and imaginative adventures.

AWAKEN CREATIVITY

Whether stacking blocks or building towers, kids create their own stories with shapes that spark creativity and open-ended play.

SOCIAL INTERACTION

With cork, children naturally collaborate, balancing, building, and inventing games that strengthen both skills and friendships.

REAL CORK

Made from real cork — a 100% natural, recyclable, and non-allergenic material, these pieces are kind to the earth and to your home. Cork is harvested without harming the tree and resists water, dirt, bacteria, and fungi. Durable, safe, and sustainable, it's nature's way of supporting play.
